

About us | Contact

CREATE YOUR CHANGE is offering nature based seminars, courses, individual consultings and supervision/ coaching settings for personal development. The offers are based on experiential, nature based and sustainability learning theories. The main aim is to support people to build their resilience and empower them to develop concepts for programs for resilience learning.

The main offering-field is a long-term qualification for nature based facilitation and experiential education, called „Nature based Facilitator/ CREATE YOUR CHANGE FACILITATOR“. The target group are graduated teacher, youth worker and educator, psychological or therapeutic vocational training, consultants , coaches , trainer of human resources development , Visionquest-Guides or related professional / study fields.
