

Courses & Seminars

Courses and Seminars are open training opportunities for everyone and every woman.

In general, you find from Friday – Sunday and include the priorities:

- Provide background knowledge
- Learning about methods – Skills – mode of action
- Employment opportunities in professional life

We understand the 2-3 days seminars as terms of substance on various topics and methodological approaches. It is a concern to modify it to us for everyday work and to the various target groups so that they can be applied also in the professional field of activity.
