Apprenticeship Training

The further vocational training „Nature-Based Facilitator“ entitled [„CREATE YOUR CHANGE FACILITATOR“](#) is aimed at actors in the fields of: youth work – Education – Vocational guidance – School Social Work – Therapy – Consulting – Training – Migration – Experiential Education – Coming-Out Processes – Vision Quest – Inclusion – Diversity Management – Changes in Society.

We assume that this is about people who graduate an educational, psychological or therapeutic vocational training in their formal vocational qualifications were / or additional training / qualifications as consulter, coaches, personal-development, leader of vision quest or related professional / study fields have completed the necessary qualifications.

More important than formal criteria are us life and professional experience – we are your personality and your personal skills and attitudes to engage with people. Because with these stands or falls the quality of your own later [CREATE YOUR CHANGE](#) work. Only those who are authentically experienced in training, in our opinion, can successfully work as a facilitator of orientation and transition processes.

According to extensive is before our consulting and training offering to our participants, during and after the training to

„CREATE YOUR CHANGE facilitator“.
