

CREATE YOUR QUEST

A 10 day transformation process in nature,

inspired by the ancestral Vision Quest rite of passage tradition, [CREATE YOUR QUEST](http://www.create-your-quest.org) is an invitation for you to become silent, listen and reconnect with a deep understanding of your life's purpose.

Are you ready to confirm a transition in life, looking for space to gain clarity over inner doubts, seeking focus on how to best make a difference in the world or simply wanting for time alone in nature?

This age-old practice serves to help discover what you are here for, what you can give and above all gain direction and power for life.
